

# ENDEAVOUR ANYTHING'S POSSIBLE PROGRAMME

Endeavour Training are offering your child the opportunity to take part in an exciting three day programme of personal development, career guidance and outdoor activities that are great fun, help develop team-work and leadership skills, boost confidence and wellbeing, and improve employability.

Participants will be able to take part in adventurous activities, for example: abseiling, canoeing, bush craft, orienteering, or weaseling. There will also be opportunities to take part in a sustainable catering skills session, a work insight visit and gain support with CVs and job/college applications.

All activities are provided free of charge and will run during the school day as part of the Anything's Possible Programme.

Endeavour are an AALA licensed activity provider. All staff hold relevant NGB qualifications. **All activities comply with the governments' & National Youth Agency's guidance on managing Covid risk.**

On the adventurous activity day all participants should bring sturdy shoes and warm, dry, weather appropriate clothing. That said, we can supply any technical equipment and specialist clothing your child doesn't have.

**Please ensure you return a completed consent form to your school or college as soon as possible to enable your child to take part.**

Try exciting outdoor activities

Gain insight into career opportunities

Have fun, develop leadership and team-work skills, improve well-being and boost confidence

Run by our experienced nationally qualified staff

Free of Charge
