

Broadening Horizons

Our intent is that all students have a full understanding of how to develop themselves as well rounded citizens, maintain healthy relationships and understand how to keep themselves safe both online and in their day-to-day life.

We want all students to know what options are open to them in the future and understand the routes they have in order to progress on their life journey.

Our vision is that every student across each year group has the opportunity to see at least one live performance per year. These exciting opportunities currently being organised include:

The Robin Hood cast will be heading to Sherwood Forest in October where they'll be given a tour of the forest and a chance to immerse themselves in the world of Robin and his Merry Men.

Drama and Film Club both begin at Thrybergh Academy this September.

Our upcoming productions across the trust include:

- The Addams Family Musical - This October at Gainsborough Academy
- Robin Hood - This December 6-9th at Wickersley School.
- Moana - Spring term 1 at Clifton School
- Peter Pan - March 2024 at Thrybergh Academy

Curriculum Intent

At Wickersley Partnership Trust we aim to ensure our Drama curriculum is designed to sequence learning and embed the key skills and knowledge that are required for our students to become confident, creative and insightful. Students are encouraged to be not only independent but also collaborative and cooperative learners. We teach a wide range of acting and technical design skills that fosters an enthusiastic appreciation of the theatrical form and a sense of enjoyment and fascination for stories and characters, their messages and themes. Through Drama, our students explore a range of social issues and cultural influences. The opportunities that we offer beyond the drama studio aim to provide unforgettable experiences and a vital contribution to school life.

Year 9 Curriculum

The topics we cover in Year 9 are:

9.1 Responding to Script: Bang Out of Order!

Students study and explore the play which tackles anti-social behaviour using a mixture of comedy, movement, music and multimedia. They develop their skills in characterisation and on- and off-text improvisation.

9.2 Performance Skills: Combat and Conflict

Students learn how to effectively create tension and conflict in improvised drama scenes. They learn a range of stage combat moves such as punches, slaps, kicks, strangle and stab to equip them with a range of physical techniques for use in their devised practical work.

9.3 Rehearsal Techniques: DNA

Students develop their understanding of plot, structure and character through a number of established rehearsal and explorative techniques. They stage scripted extracts and devise their own practical work. Students also consider the theatrical design elements of set, scenery and

stage lighting.

9.4 Mood and Atmosphere: The Tempest

Students study and explore extracts from Shakespeare's play, deepening their understanding of the playwright's use of language and a range of theatrical forms. They develop their knowledge of mood and atmosphere in performance and implement their ideas in performance. Students also develop their costume design knowledge and skills in this unit.

9.5 Practitioner Study: Bertolt Brecht

Students study and explore practically the techniques of the revolutionary German drama practitioner and playwright. They experiment with techniques such as narration, direct address and vocalizing scripted stage directions. Students develop their knowledge and practice of ensemble and multirole work.

9.6 Staging Types & Character Motivation: Girls and Dolls

Students learn about different theatrical staging types including proscenium arch, traverse, in the round and thrust. They explore each space type practically and learn how to articulate how these impact on the staging of drama texts.

Assessment Points

In all Y9 Drama study units, students are taught to speak confidently and effectively through improvising, rehearsing and performing play scripts in order to generate language and discuss language use and meaning, using role, intonation, tone, volume, mood, silence, stillness and action to add impact. SUBJECT WAYS

The Drama Way

Our Subject Way is designed to help students become young subject specialists. The Subject Way has two main purposes: Firstly, to teach students the vital skills they need to achieve their full potential and gain the very best grades they can. Secondly, to teach students how each subject relates to the wider world, incorporating the life skills they will learn.

It is our belief that knowing how what you learn links to the wider world, brings a subject to life and therefore improves overall understanding and engagement.
