Work Experience 2027

Dear Parent / Carer

At Wickersley Partnership Trust, it is our aim that all students leave 'Able and Qualified' and that students leave our school ready to play their full part in society.

As such, we are delighted to inform you that all Y10 students will this year have the opportunity to complete a week of work experience in the summer term. Work experience enables students to understand what it is like to be in a place of work and also develop key life skills such as teamwork, communication and resilience. It is important to note that this placement may not be linked to a student's future career choice but will enable students to gain valuable experience of the world of work.

Work experience will take place in the following week

- W/C 14th June 2027

Whilst we may only be in September, as I am sure you can appreciate, the process of acquiring placements for all students is a long one, and so we have already begun by informing students in assembly and completing online application forms in tutor time. We expect that all students have completed their initial online form by 25th October.

Once students have completed their form in school, you will receive an email in which you need to share any medical details, whether you may be able to support them with transport or not, and, most importantly, give your consent for your child to take part.

We would like all our students to get the most out of their work experience placement, and the most successful placements are those that students arrange themselves. Please support your child where you are able to find their own placement; this could be in your own place of work or the workplace of someone you know.

Should students be unable to secure their own placement, we may be able to find them a placement, but we cannot guarantee that this will be in line with student interests. To help us secure these placements, we have enlisted the help of B & E together, who have many years of experience setting up work experience placements.

The expectation is that all students are expected to complete a work experience placement. If a student is not able to take part in the work experience week, due to exceptional circumstances, they will be expected to attend school as normal.

I am sure you will agree that this is an exciting opportunity for our students, and of course, if you have any questions, please do not hesitate to contact me at h.nickson@thrybergh.com

Kind Regards

Hannah Nickson
